

Find your Footprint week

North Devon in Action
- Cutting CO₂ together

17-24th October people across North Devon are finding out their personal carbon footprint, so that together we can reduce CO₂ emissions across our region.

The best bit is that many of the actions that cut carbon also improve your quality of life.

Be part of it!

- Take the survey and win a low-carbon prize
- Do one thing to reduce your footprint over the next few months
- Measure your footprint again in Cut the Carbon week March 2021
